Comments from the Treasurer

Dear Neighbors,

This is my second year as Treasurer of VCSF. When someone asked two years ago "will you collect the money?", I had no idea we would grow to an organization with \$100,000+ in annual revenue. I also never imagined how many incredibly nice people I would meet in this position. The members of VCSF are truly responsible and caring citizens who are concerned about the safety and security of their neighborhood.

As a result of all your support, we have been able to accomplish much this year on the business side. We have formed a professional non-profit 501 C (4) corporation (recognized as such by the IRS), and set up our books on Quick Books (making the position of Treasurer easier and our books ready at nearly anytime for examination). Many thanks to all members and volunteers. Please continue to talk to your neighbors and encourage them to support our organization and our desire for an even safer neighborhood for all.

Constable's Office offers Self Defense Classes for Women.

When should I call 911, and when should I call the Constable Dispatch?

Residents should always use 911 for any life threatening situations requiring police, fire, or ambulance response, or if there is a crime in progress. A "crime in progress" is something the caller is witnessing at the time, for example, a home is being broken into; someone is being mugged, robbed, beaten, abducted, or there is a major accident with injuries.
